About Me

I am a B.Tech student specializing in Computer Science and Data Science with strong foundations in Python, data analysis, and exploratory data analytics. I am particularly interested in working with real-world datasets involving environmental and healthcare domains. I aim to contribute to research-driven projects in data science and machine learning.

Technical Skills

- **Programming:** Python, Java, C, R
- **Data Analysis:** Pandas, NumPy, Matplotlib
- **Tools:** Jupyter Notebook, VS Code, Git

Relevant Coursework : Data Structures, Machine Learning, DBMS, Probability and Statistics, Data Analytics

Soft Skills

- Analytical Thinking
- Problem Solving
- Effective communication and teamwork
- Quick learner

Language

- English
- Telugu

Education

B-TECH (2023 -2027)

MALLA REDDY ENGINEERING COLLEGE
AND MANAGEMENT SCIENCES

CSE-DATA SCIENCE

CGPA :8.45/10

INTERMEDIATE (2021 -2023)

VIDYAMANDIR JUNIOR COLLEGE

Percentage:94.6%

SSC (2021)

MANASA HIGH SCHOOL

Projects

- **Exploration of Global Warming's Impact on Wind Patterns and Extreme Climatic Events :**
 - Cleaned and analyzed climate datasets to study changes in wind patterns and extreme events.
 - Performed exploratory data analysis and basic visualization.
 - Tools: Python, Pandas, Matplotlib
- **Early Warning of In-Hospital Patient Deterioration using Machine Learning :**
 - Preprocessed patient vital data and built a basic ML model to predict deterioration within 12 hours.
 - Evaluated model performance using standard metrics
 - Tools: Python, Pandas, Scikit-learn

Certifications

- Java Programming – NPTEL
- C Programming – LearnTube
- Python - Cognitive Class ai
- Workshop on DevOps - geeks for geeks
- Hackathon - GDG

Internship

- Data Analytics Intern – MSSquare Technologies
